

The Greatest Hits: ODS Essentials Every User Should Know!

Cynthia L. Zender, SAS Institute, Inc., Cary, NC

Abstract

Just when you think you know every song (feature) in the ODS hit parade, you discover that there's an option or destination or feature that has you singing its praises because the feature boosted your reports to the next level. Rather than covering every single little thing that ODS can do, this presentation covers some of the essential features and options of ODS that every user needs to know to be productive. This presentation will show you concrete code examples of the ODS "Greatest Hits". Come to this presentation and learn some of the essential reasons why ODS rocks! No formal paper was submitted for this presentation. A PDF of the slide presentation and a zip file of the presentation programs will be available from: <http://support.sas.com/rnd/papers> shortly after MWSUG.
